

Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	EX5	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The user will input any amount less than \$1.	When the user inputs an amount less than \$1, the program will make the change up of quarters, dimes, nickels, and pennies.	Once the program is done with the information, the screen will display the minimum number of coins necessary to make the change.
