Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	PrimeNumber	
INPUT	PROCESS	OUTPUT
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The user will type a random number to the following prompt.	Once the program receives the number from the user, it'll look into the number to see if it's prime or not and display it on the screen.	Prompts the user for a number and then displays a message indicating whether the number is prime or not.
